Notice Regarding Recliners

Please be advised that, effective immediately, Southlake Residential Care Village will no longer accept fabric-style recliners within the facility.

This decision has been made to support infection control standards, resident safety, and ease of cleaning and maintenance.

If you have any questions please contact Sal, EVS Manager ext. 1106 or David, IPAC Manager ext. 1409

THE SOUTHLAKE TIMES

Your support means the world to our residents

Our 2025 Christmas Star Tree Appeal for our residents was a huge success, thanks to the contribution of families, staff, and the community at large.

Your generosity made the holiday season extra special for our residents. You made a significant difference for them. We could see that it brought immense joy and comfort, and it really brightened their holiday celebrations. Your kindness is truly appreciated by one and all.

Even the Man from North Pole was impressed!

Your response to our appeal serves as a powerful "thank you" for our Life Enrichment staff's dedication in improving our residents' quality of life.

On behalf of Southlake Village, thank you from the bottom of our heart.

Continuous Quality Improvement

At the last CQI Committee meeting held on January 20, 2026, we reiterated the mandate and terms of reference of this committee and the commitment to continuously improving positive clinical outcomes and promoting our residents' quality of life.

Our role as the CQI Committee is to use our meetings as a forum to review all aspects of all operations of the Home with a keen focus on continuous quality improvement and to make recommendations on improvement change ideas.

The whole management leadership team are standing members of the CQI Committee with Ad hoc members, guests who may be invited to participate in our meetings. These guests include residents, Residents' Council, Family Council, Clinical Consultants, York Region Public Health, Southlake Regional Health Centre NLOT, family members and others.

The next CQI Committee quarterly meeting will be held on Tuesday, April 21, 2026 @ 2:00 to 3:00 p.m. If you are interested, please rsvp:

Siew Lee Brett, CQI/Quality Improvement Manager
